

Draft Press Release

FIBERCOPI: WORK HAS BEGUN ON THE NEW FIBRE OPTIC NETWORK AT MONTE SAN PIETRO

Monte San Pietro (Bologna), 26 MAY 2026 – FiberCop, the company managing Italy’s most extensive and far-reaching digital infrastructure, has started works to strengthen the fibre optic internet network to homes (FTTH) in the area of Monte San Pietro, in the province of Bologna.

The projects, entirely funded by FiberCop, will involve various areas of the municipality, with the aim of gradually making ultra-fast connections available.

The digital infrastructure set up by FiberCop will reach up to 10 Gigabits per second, allowing the acceleration of the digitalisation of households, businesses and public administration, and enables innovative services such as 4K streaming, remote work, telemedicine and digital services including traffic management, street lighting and environmental monitoring. In addition, fibre will help the environment by reducing CO2 emissions.

Citizens can check service availability with their chosen telecoms operator and request activation to benefit immediately from the performance of the new network.

“FiberCop continues to invest in the country’s digital transformation, promoting the adoption of fibre and facilitating access to advanced services across its territory”, said Gianni Crocetti, FiberCop’s Head of Operations for Northeastern Italy. “The availability of infrastructure that can handle ever-growing traffic volumes over stable, high-speed connections will support businesses in developing their activities and improve quality of life for citizens, contributing to the growth of the local economy.”

Planned works

The planned works will concern the entire municipal territory.

Existing infrastructure will be used where possible to build the network, while new excavations, where necessary, will be carried out according to environmentally sustainable

FiberCop S.p.A

Sole shareholder company, part of the Optics Holdco Group – Management and coordination by Optics Holdco S.r.l.
Registered office: Via Marco Aurelio, 24 - 20127 Milan, Italy
Share capital €17,835,900.00 (fully paid-up)
Tax Code/VAT No. and registration with the Milan-Monza-Brianza-Lodi Business Register: 11459900962 - REA Milan
No. 2604085 – Certified email (PEC): fibercopspa@pec.fibercop.it

criteria. FiberCop will work to limit the impact on traffic and proceed quickly with the construction of the new network.
